DR-3080CII

COLOR DESKTOP SCANNER

The DR-3000 Series of scanners.

The DR-3080CII incorporates the patented feeding system and scanning engine of the DR-3000 Series. As such, it inherits all the features and proven reliability of the popular DR-3000 line of products. With workloads expanding and turnaround times shrinking, the need for improved productivity is greater than ever before, even if your budget isn't. Fortunately, there's the Canon DR-3080CII high-speed Color Duplex Scanner. While it costs about the same as ordinary departmental scanners, its performance is legendary. Featuring high-quality scanning in a variety of modes and a choice of the most popular output formats, the DR-3080CII delivers effortless operation in a compact, proven design.

Advanced capabilities for the long run.

For starters, the Canon DR-3080CII is fast—as fast as 86 images per minute.* It offers a wide choice of scanning modes, such as color, grayscale, black and white, and even advanced text enhancement for documents with text on a dark background. Equipped with dual sensors, the DR-3080CII provides fast, efficient, one-pass/two-sided scanning for robust document management and flexible paper-handling. Connectivity is easy, too. And with only minimal training, virtually anyone can learn to operate the scanner, in practically no time.

These days, you have plenty of technology.

Advanced technology was meant to simplify the way people work. So why does it keep getting harder to do your job? Canon understands this problem and designs all its products around one basic premise: technology is only innovative if it's easy to use. Like the Canon DR-3080CII, so simple and reliable, you can count on it for demanding applications.

Of course, it's compatible. It's from Canon.

Connectivity is a breeze with a choice of high-speed USB 2.0 or ultra SCSI interfaces and ISIS® or TWAIN drivers. Each allows the DR-3080CII to be used with today's most popular scanning applications and software solutions. And when the need arises, you can add options, such as the Canon Endorser ED-500 and Carrying Case, for extra versatility. The DR-3080CII is bundled with Canon CapturePerfect software, offering a wide range of basic and advanced scanning capabilities including scan-to-file and scan-to-e-mail.

A master of automated convenience.

Efficient paper-handling begins with the 100-sheet Automatic Document Feeder. Ideal for continuous batch scanning of mixed documents—business card to legal-sized—the Canon DR-3080CII automatically adjusts for varying document sizes and thicknesses, so you won't waste valuable time presorting, rescanning, or clearing frequent paper jams. Throughput is further enhanced, especially in forms processing, with Color Dropout, so you can specify one color for omission during scanning. Best of all, though, is that peace of mind also comes automatically, thanks to the reliable performance you've come to expect from Canon.

*Letter, black and white, High-speed Mode.

ED-500

SPECIFICATIONS

Type:	Color Desktop Scanner
Item Number:	9673A002AA
Document-feeding:	Automatic or Manual
Document Size*	
Width:	2.2" – 10.1"
Length:	2.8" – 14.3"
Thickness	
Automatic-feeding:	0.06mm – 0.15mm
Manual-feeding:	0.06mm – 0.20mm
Grayscale:	8-bit, 256 levels
Color:	24-bit
Scanning Element:	Contact Image Sensor
Light Source:	RGB LED
Scanning Modes:	Simplex/Duplex/Black and White/ Grayscale/Color/Advanced Text Enhanced RGB
Dropout Color:	
Optical Resolution:	100**/200/300 dpi
High-speed Mode (Interpolated):	300 x 150 dpi (300 dpi)
Scanning Speeds†	Simplex Duplex
Black and White:	32 ipm 64 ipm
Black and White/Grayscale (High Speed):	43 ipm 86 ipm
Grayscale:	32 ipm 64 ipm
Color (24-bit):	10 ipm 20 ipm
Stacker Capacity:	100 Sheets (80 g/m ² , LTR)
Interface:	USB 2.0 and SCSI-III
Scanner Drivers:	For Windows® 98/2000/Me/XP Windows NT® 4.0, ISIS, TWAIN CapturePerfect 2.2
Bundled Software:	
Dimensions (H x W x D):	7.5" x 13.5" x 11"
Weight:	17.8 lb.
Power Consumption:	Max. 42W
Options:	Endorser ED-500 (3649A001AB) Carrying Cases

* Up to 11" x 17" in Folio mode.

** Color Mode only.

† Examples based on typical settings, rated in images per minute with letter-sized documents at 200 dpi.

Actual processing speeds may vary based on PC performance and application software.

DR-3000 Series Soft Case

Item Number:	0134V880
Materials	
Bag:	PVC Synthetic #1680D
Padding:	PE Foam
Webbing:	PVC
Dimensions (H x W x D):	13" x 9" x 14"
Weight:	Approx. 4 lb.

DR-3000 Series Hard Case

Item Number:	0134V882
Materials	
Case:	Polyethylene with Aluminum Valence
Latches:	Powder-coated Stainless Steel
Foam:	ELE (Ether-like Ester) Foam
Dimensions (H x W x D):	17-7/8" x 14-1/2" x 12"
Weight:	Approx. 19 lb.
